SPECIFICATIONS

LOCATION United Kingdom	SHIPYARD Princess Yachts
CATEGORY New yachts	MODEL Princess S65
CONDITION New	STATUS On order
LENGTH 19.17 m	BEAM 4.87 m
DRAFT 1.46 m	HULL MATERIAL Composite
CABINS 4	BERTHS 8
ENGINES Twin MAN V8-1200 (2 x 1.200mhp)	FUEL CAPACITY 3250 l
WATER CAPACITY 603 l	LENGTH OVERALL 19.17 m
YEAR 2015	

DESCRIPTION

Thanks to an elegant design in graphic style, the S65 model harmoniously combines dynamic forms and impressive functional qualities. The main deck is a single space that flows seamlessly from the yacht's open area to the interior, with panoramic windows spanning the entire length of the hull. The aft section features electric sliding doors, as well as a roof that can be retracted using an electric drive, allowing the cockpit to merge with the bar area and the interior galley.

Spacious deck areas include a cozy lounging spot on the foredeck, a sunbathing mattress at the stern, a hydraulic swimming platform and a tender garage for a 3.3-metre tender – an ideal place for water sports activities.

The sportbridge is equipped with modular lounging zones that can be adapted by adjusting the backrest angle and transforming the space into a forward-facing sunbed with storage compartment underneath.

EQUIPMENT

COCKPIT AND BATHING PLATFORM

- Self-draining system
- Cockpit cover

Yachts on the commission of Crystal Yachts Georgia. The company is not responsible for the accuracy of the information provided by the shipowner, including images, specifications, parameters, engine performance and legal details. Engine hours and equipment lists are indicated at the time of preparation and may change during further operation. The need for inspection remains at the discretion of the buyer. Exact parameters and characteristics can be specified in the sale and purchase agreement. Additional information is available from the manager on request.

CRYSTAL YACHTS GEORGIA

info@crystal-yachts.com

- U-shaped seating/dining area with folding teak table and drink holders
- Aft sunpad with drink holders
- Cockpit worktop (galley worktop extension under lifting window) with storage locker under steps
- LED lighting, overhead and deck
- Built-in stairway to sport bridge
- Stainless steel handrails
- Storage locker for life raft
- Storage locker for mooring lines
- Lockable hatch with gas strut in port lazarette
- Lockable hatch with gas strut to utility compartment/optional crew cabin on starboard side under aft sunpad
- Lockable hatch with gas strut to engine room
- Cabinet with remote fuel valve controls, manual bilge pump and manual controls for automatic fire extinguishers
- Two transom gates leading to bathing platform
- Transom handrails
- Flagpole socket
- Garage (suitable for Williams SportJet 345 tender or similar), with electrohydraulic door and tender launch system with electric winch
- Electrohydraulic raising/lowering teak platform (500 kg load capacity)
- Retractable (manual) swim ladder on the side of the hydraulic platform
- Transom steps for boarding from the swim platform when in lowered position
- Transom shower with hot and cold water
- Shore power connection inlet 220/240 V in locker

DINING AREA

- LED overhead and concealed lighting (24 V)
- L-shaped sofa with storage locker
- Folding dining table/drink holders (4)
- Sliding door to cockpit with stainless steel frame (three-section — one fixed and two sliding) with integrated lift-up galley window and built-in Skysol blind
- Manual tension blinds (matt black) on windows
- 220/240 V outlets (2)
- Wooden flooring (tongue and groove planks)

GALLEY

- Waste bin
- Solid Surface countertop
- 4-zone ceramic hob
- Combination convection oven and microwave with grill
- Full-size fridge/freezer (281 l)
- 1.5-bowl stainless steel sink with mixer tap
- Slimline full-size dishwasher (9 place settings)
- Crockery cabinets and storage drawers
- Manual tension roller blinds (matt black) on windows
- LED ceiling and task lighting (24 V)
- 220/240 V sockets (4)
- Wooden flooring (tongue and groove planks)

FORWARD CABIN

Yachts on the commission of Crystal Yachts Georgia. - Windows with opening portholes
- Carpet
- Large double bed with drawers beneath
- Full-length mirror and cabinet with shelves
- Vanity table
- Storage cabinets
- Manually operated roller blinds (grey)
- Deck hatch
- LED overhead lighting (24 V)
- Individual berth reading lights
- 220/240 V sockets (3) (one on each side and 1 under vanity)
- USB charging ports (4) (2 on each side – 1x USB-A and 1x USB-C)

24 VOLTS:

- Princess Connect telemetry and maintenance system

WATER SYSTEM

- Automatic water pump with filter
- Water level indicator
- 800 l water tank plus 73 l hot water (calorifier)
- Water heating from engines and 240 V immersion heater
- Main circuit breaker on electrical panel
- Deck filler cap
- Electric WC system with 272 l holding tank, level sensor and quiet electric overboard discharge, with back-up macerator system and dockside pump-out

DECK EQUIPMENT AND FITTINGS

- Platform, transom steps, cockpit and flybridge stairs covered with teak
- Electric anchor windlass with controls on foredeck and helm console
- Bow anchor roller with automatic anchor release and retrieval
- Self-stowing anchor system; consisting of Lewmar Delta anchor (40 kg) with 60 m chain, 9.5 mm diameter
- Bow rope locker
- Fender locker
- Bow (2) and stern (2) fairleads in stainless steel
- Mooring cleats in stainless steel at bow, stern and amidships (8 total)
- Stanchions and handrails in stainless steel (32 mm diameter)
- Handrails on roof in stainless steel
- PVC rubbing strake with stainless steel insert
- LED deck lighting
- Illuminated logo on transom
- Full set of IMCO navigation lights
- Steaming light
- Remote-controlled searchlight
- Loudhailer (connected to VHF radio)
- Twin electric horns
- Fuel and water filler caps
- Emergency hatch to foredeck
- Bow seating area with U-shaped seating and walkthrough
- Bow sunpad with two loungers, cushions, integrated storage locker and drink holders (4)

HELM STATION

info@crystal-yachts.com

- Twin helmsman seats with fore-aft adjustment, crown logo and flip-up seat for door access
- Raymarine Axiom 2XL multifunction colour display (15.6" diagonal) with GPS/chartplotter, log and echo sounder
- Raymarine Evolution autopilot with P70R control display
- 9" multifunction display showing engine parameters (including fuel level and consumption)
- Duplicate instruments and controls on flybridge and lower helm station:
- Electrohydraulic power-assisted steering
- Adjustable steering wheel
- Rudder position indicator
- Magnetic compass
- Electronic engine control
- Trim tab control with indicator
- Bow thruster control
- Remote control for electric anchor winch
- VHF radio with DSC and intercom
- Remote control for searchlight
- Horn button
- Cup holders
- Toughened windscreen (night vision compatible)
- Windscreen wipers with washer system – control options to be reviewed during design
- External black mesh screen covers
- Bilge pump controllers with visual indicators
- 24 V and 240 V electrical control panel
- Navigation light and instrument panel lighting switches
- USB charging ports (2) (1x USB-A and 1x USB-C)
- 220/240 V socket (1)
- LED overhead lighting (24 V) and night lighting
- Pantograph door on starboard side at helm station
- Wooden flooring (tongue and groove planks)

UPPER DECK/SPORTBRIDGE

- Duplicate instruments and controls (see Helm station)
- Raymarine Axiom 2XL multifunction colour display (15.6" diagonal) with GPS/chartplotter, log and echo sounder
- Raymarine Evolution autopilot with P70R control display
- 9" multifunction display showing engine parameters (including fuel level and consumption)
- Adjustable steering wheel
- Cup holders (2), storage drawer and container locker at helm station
- Separate helm (fore-and-aft adjustable) and navigator seats with sufficient spacing between them for passage without obstructing the helmsman
- Forward upholstered U-shaped guest sofa (converts into sunbed with additional infill)
- Large soft U-shaped aft sofa with storage underneath
- Movable backrest between dining area and sunbed (to convert sofa from U-shape to L-shape)
- Twin folding teak dining table with drink holders

CRYSTAL YACHTS GEORGIA
Georgia, Batumi, Gogebashvili 18
+995-593244242
info@crystal-yachts.com

- Engine room exhaust fan with electronic time delay
- Exhaust gas silencers and water-cooled exhaust system
- Engine beds moulded into the hull for strength and vibration absorption
- Sound and vibration isolating engine mounts
- Automatic fire extinguisher with remote control
- Automatic and manual bilge pumps
- Engine room lighting
- Engine room access from cockpit via hatch with ladder
- Electronic engine and gearbox controls
- Fresh water supply to engine room
- Self-centering shaft seals preventing leakage

24 VOLTS

- 4 heavy-duty batteries for engine starting
- 4 heavy-duty batteries for auxiliary services
- 1 battery for generator
- Battery switch with remote control at helm console
- Batteries charged via voltage-sensitive relay; both batteries connected in parallel when charge source available
- 60 A battery charger charging both batteries through automatic charge-switching system
- 6 A battery charger for generator battery
- Remote battery switches with control at main distribution panel
- Automatic circuit breakers for all electrical circuits
- 12 V step-down converter for certain navigation and radio equipment
- EC specification: 13.5 kW diesel generator in sound-insulated housing with water cooling and exhaust silencing systems
- Automatic fire extinguisher next to generator
- 60 A shore power connection inlet
- Generator/shore power changeover switch
- Polarity check system
- Residual current device
- Sockets in: master cabin, guest cabins, galley and saloon
- Shaver sockets in all bathrooms (except crew cabin)

FUEL SYSTEM

- Two fuel tanks (marine-grade aluminium alloy NS8) with interconnection system and total capacity of 4100 l
- Deck filler caps port and starboard
- High-performance fuel filters with water separators and changeover valves, water-in-fuel warning sensors and indicators at helm station
- Fuel level gauges at helm station (via MFD)

BILGE PUMPS

- Automatic/manual electric bilge pumps in engine room (2), lazarette, technical compartment and forward cabin (6 total)
- High-capacity manual bilge pump with valve system at extraction points
- Electric bilge pumps have controls and indicator lights at helm station and visual-audible warning signal at flybridge helm

FIRE EXTINGUISHERS

- Automatic fire extinguisher under helm station console
- Automatic and manual fire extinguishers in engine room with warning system at helm console
