MAX SPEED 29-31 knots	FUEL CAPACITY 7 000 l
WATER CAPACITY 1 400 l	LENGTH OVERALL 25.18 m
YEAR 2022	

DESCRIPTION

This model is the "younger sister" of the Princess X95, sharing the same "family" traits: a wide hull, spacious flybridge (or superfly), and panoramic windows. The Princess X80 differs from the X95 in its slightly more modest size while offering higher speed performance. As for the layout, the future owner of the X80 will be able to choose from three flybridge configurations (with a dining area, with a crane for launching the tender, or as a spacious lounge area); two options for the main deck (with a master stateroom in the forward section of the hull or with a more spacious saloon and dining area in place of the owner's cabin); and finally, three lower deck layouts, where the number of guest cabins remains unchanged (four), but the crew quarters configuration can be varied.

EQUIPMENT

DECK EQUIPMENT

- Cleats, fairleads and handrails in stainless steel
- Deck-level lights

Yachts on the commission of Crystal Yachts Georgia.
